

**Implementation Plan for Reopening  
In Accordance with the Pennsylvania Department of Health's  
Interim Guidance for Skilled Nursing Facilities During COVID-19**

FACILITY INFORMATION	
1. FACILITY NAME <b>Buckingham Valley Rehabilitation &amp; Nursing Center</b>	
2. STREET ADDRESS <b>820 Durham Road</b>	
3. CITY <b>Newtown</b>	4. ZIP CODE <b>18940</b>
5. NAME OF FACILITY CONTACT PERSON <b>Dottie Leshner RN DON Cynthia Kowalski NHA</b>	6. PHONE NUMBER OF CONTACT PERSON <b>215-598-7181</b>

DATE AND STEP OF REOPENING	
7. DATE THE FACILITY WILL ENTER REOPENING <b>August 24, 2020</b>	
8. SELECT THE STEP AT WHICH THE FACILITY WILL ENTER REOPENING – EITHER STEP 1 OR STEP 2 ( <u>CHECK ONLY ONE</u> )	
<input type="checkbox"/> Step 1 <i>The facility must meet all the Prerequisites, including the baseline universal test for COVID-19 administered to staff and residents (in accordance with the <u>June 8, 2020, Order of the Secretary of Health</u>)</i>	
<input checked="" type="checkbox"/> Step 2 <i>The facility must meet all the Prerequisites, including the baseline universal test for COVID-19 administered to staff and residents (in accordance with the <u>June 8, 2020, Order of the Secretary of Health</u>)</i> <b>AND</b> <i>Have the absence of any new facility onset of COVID-19 cases for 14 consecutive days since baseline COVID-19 testing</i>	
9. HAS THE FACILITY EXPERIENCED A SIGNIFICANT COVID-19 OUTBREAK? (IF NO, SKIP TO #11) <b>(Yes)</b>	
10. DATE THE FACILITY WAS SURVEYED BY THE DEPARTMENT OF HEALTH TO ENSURE THE FACILITY IS ADEQUATELY PREVENTING TRANSMISSION OF COVID-19 <b>Date: 6/18/2020</b>	

**STRATEGY FOR TESTING, COHORTING, PERSONAL PROTECTIVE EQUIPMENT, AND STAFFING**

To ensure the facility has taken appropriate measures to protect residents and staff, descriptions of those strategies are required in this section (prerequisites to reopening).

11. **DATE RANGE FOR THE BASELINE UNIVERSAL TEST ADMINISTERED TO STAFF AND RESIDENTS (BETWEEN MAY 24, 2020 AND JULY 24, 2020) IN ACCORDANCE WITH THE JUNE 8, 2020, ORDER OF THE SECRETARY OF HEALTH**

5-24-20 to 7/9/20

12. **DESCRIBE THE CAPACITY TO ADMINISTER COVID-19 DIAGNOSTIC TESTS TO ALL RESIDENTS SHOWING SYMPTOMS OF COVID-19 AND TO DO SO WITH 24 HOURS**

Resident testing will be done within 24 hours of observation of COVID-19 symptoms. The results will be available within a reasonable timeframe (48hr-72 hr.) except holidays unless a special circumstance arises for laboratory capacity.

13. **DESCRIBE THE CAPACITY TO ADMINISTER COVID-19 DIAGNOSTIC TESTS TO ALL RESIDENTS AND STAFF IF THE FACILITY EXPERIENCES AN OUTBREAK**

Facility has capacity to perform COVID-19 tests for residents and staff during an outbreak based on CDC guidance. If current laboratory cannot fulfill need, alternative laboratory service will be contracted.

14. **DESCRIBE THE CAPACITY TO ADMINISTER COVID-19 DIAGNOSTIC TESTS TO ALL STAFF, INCLUDING ASYMPTOMATIC STAFF**

Facility has capacity to perform a single baseline COVID-19 tests for all staff including asymptomatic staff through **Genesis Diagnostics**.

15. **DESCRIBE THE PROCEDURE FOR ADDRESSING NEEDED TESTING OF NON-ESSENTIAL STAFF AND VOLUNTEERS**

Nonessential staff and volunteers will be required to have initial baseline testing, screening for symptoms of COVID-19 upon arrival, universal source control, social distancing, hand hygiene and follow IPC strategies of facility

16. **DESCRIBE THE PROCEDURE FOR ADDRESSING RESIDENTS OR STAFF THAT DECLINE OR ARE UNABLE TO BE TESTED**

Facility has procedures in place for addressing resident refusals for testing and current HR policy addresses staff refusals for testing

17. **DESCRIBE THE PLAN TO COHORT OR ISOLATE RESIDENTS DIAGNOSED WITH COVID-19 IN ACCORDANCE WITH PA-HAN-509 PURSUANT TO SECTION 1 OF THE *INTERIM GUIDANCE FOR SKILLED NURSING FACILITIES DURING COVID-19*.**

Resident will cohort or isolate based on CDC guidance of zones: Red Zone- COVID-19 Test Positive; Yellow Zone- COVID-19 Test Negative, but resident is within 14 days of exposure; Green Zone- COVID-19 Test Negative, Non-exposed

18. **DESCRIBE THE CURRENT CACHE OF PERSONAL PROTECTIVE EQUIPMENT (PPE) AND THE PLAN TO ENSURE AN ADEQUATE SUPPLY OF PPE FOR STAFF (BASED ON THE TYPE OF CARE EXPECTED TO BE PROVIDED)**

Facility has adequate PPE available to effectively care for COVID positive patients and swabs are available for testing as required. Universal source control ( masks), hand sanitizers, washing stations are also available to maintain infection control practices in facility.

**STRATEGY FOR TESTING, COHORTING, PERSONAL PROTECTIVE EQUIPMENT, AND STAFFING**

**19. DESCRIBE THE CURRENT STAFFING STATUS AND THE PLAN TO ENSURE NO STAFFING SHORTAGES**

There are no expected staffing shortages that will not meet or exceed the 2.7 PPD during the steps of the reopening of the facility. Agencies have also been contracted to supplement and meet any staffing needs.

**20. DESCRIBE THE PLAN TO HALT ALL REOPENING FACILITIES IF THE COUNTY IN WHICH THE FACILITY IS LOCATED IS REVERTED TO A RED PHASE OF THE GOVERNOR'S REOPENING PLAN**

Limit all non-essential HCP, Restrict all visitors except limited visits during End of life situation, Reiterate and reinforce all safety and infection control measures e.g. universal source control, social distancing, screening all potential admissions, testing of symptomatic residents, testing of HCP based on supply for asymptomatic HCP and testing all symptomatic staff, collaborate and await guidance per state and local public health agencies.

**SCREENING PROTOCOLS**

**21. RESIDENTS**

All facility residents are screened daily at a minimum (vital signs and pulse ox) during the re-opening steps 1-3) and recorded in the medical record; Any residents exhibiting symptoms and who does not have a history of being COVID-19 positive, measures will be initiated to discuss with resident/represented COVID-19 testing to be completed within 24 hrs. of symptoms, if testing refused resident will be co-horted in a yellow zone until resident able to meet discontinuation of TBP; If positive, resident will be moved to a private room with door closed and/or red zone. Potential admissions will be screened utilizing a screening tool and testing will be required prior to discharge in order to determine acceptance and co-horting capabilities.

**22. STAFF**

All staff are screened at beginning of their shift for COVID-19 symptoms, temperature, and potential exposure. Staff are screened again for temperature at end of their shift. Staff presenting with any signs or symptoms of COVID-19 is refused entry and Administration is notified. Staff is also educated to notify their supervisor immediately if they develop any signs and symptoms of COVID-19 during their shift and will be sent home. Staff employed by facility also receives baseline universal testing based on Secretary of Health order. Any refusals in baseline testing will be addressed by facility HR policies.

**23. HEALTHCARE PERSONNEL WHO ARE NOT STAFF**

Healthcare personnel not employed by facility must provide a baseline Covid Test copy to the Director of Nursing to be kept in a secure file.

Healthcare personnel not employed by facility is screened upon entrance for COVID-19 symptoms, temperature, and exposure. Healthcare personnel will be required to wear a mask for universal source control while in the facility. Healthcare personnel will be screened (temperature) prior to exiting facility. Anyone who presents with signs or symptoms of COVID-19 is refused entry to facility. If Healthcare personnel develops any COVID-19 symptoms during their arrival in facility, they will be immediately sent home.

## SCREENING PROTOCOLS

### 24. NON-ESSENTIAL PERSONNEL

Non-essential personnel must provide a baseline Covid Test copy to the Director of Nursing to be kept in a secure file.

Non-essential personnel are screened upon entrance for COVID-19 symptoms, temperature, and exposure. Non-essential personnel presenting with any signs or symptoms of COVID-19 is refused entry. Non-essential personnel will be required to wear a mask for universal source control while in the facility. Non-essential personnel are screened again for temperature prior to exiting. Non-essential staff is also educated to notify their supervisor immediately if they develop any signs and symptoms of COVID-19 during their shift and will be sent home.

### 25. VISITORS

Family members visiting the facility must have a baseline Covid Test done and provide a copy to Director of Nursing to be kept in a secure file.

Visitors will be screened upon entrance for COVID-19 symptoms, temperature, and exposure. Visitors will be screened (temperature) prior to exiting. Anyone who presents with signs or symptoms of COVID-19 is refused entry to facility. All visitors are required wear a mask for universal source control while in the facility. If visitors' presents with symptoms during an allotted visitation time they will be immediately asked to go home and restricted from visiting.

### 26. VOLUNTEERS

Any Volunteer visiting the facility must have a baseline Covid Test done and provide a copy to Director of Nursing to be kept in a secure file.

Volunteers will be screened upon entrance for COVID-19 symptoms, temperature, and exposure. Volunteers will be required to wear a mask for universal source control while in the facility. Volunteers will be screened (temperature) prior to exiting. Anyone who presents with signs or symptoms of COVID-19 is refused entry to facility. Volunteers will be instructed that if at any time during their visit they begin to feel ill they have to report to their supervisor immediately. Also if they develop any symptoms during the visit they will be immediately asked to go home and restricted from visiting in facility..

### 27. DESCRIBE COMMUNAL DINING MEAL SCHEDULE, INCLUDING STAGGERED HOURS (IF ANY)

Meal times will be extended as practicable to allow for resident communal dining to unexposed residents (Green one) limiting number of residents at a table and spaced at least 6 ft. apart to maintain social distancing and infection control practices. At this time during Covid 19, facility will utilize the main dining room for Visitation purposes.

28

### 28. DESCRIBE ARRANGEMENT OF TABLES AND CHAIRS TO ALLOW FOR SOCIAL DISTANCING

Tables will be placed six feet apart; Where it is not possible to have residents at six feet, then no more than one person per table (assuming a standard four [4] person table).

**29. DESCRIBE Infection CONTROL MEASURES, INCLUDING USE OF PPE BY STAFF**

All infection control measures will be followed by staff including masking, hand hygiene, social distancing, and disinfection of tables. Residents will be encouraged to have designated seating in dining areas to limit contact to the same small group. Discourage sharing bowls of food or condiments. Residents will be encouraged to sanitize hands upon entering and exiting the dining area. Residents will be required to wear PPE when traveling to the dining room, at the table while waiting to be served, while visiting with any other residents, and when exiting the dining room. Dining room will be cleared and disinfected upon completion of meal service to prevent any cross-contamination. Staff members who are assisting more than one resident at the same time must perform hand hygiene with at least hand sanitizer each time when switching assistance between residents

**30. DESCRIBE ANY OTHER ASPECTS OF COMMUNAL DINING DURING REOPENING**

Number of meals per day that a resident can participate in communal dining may be limited in order to maintain proper social distancing and infection control measures.

In each block below, describe the types of activities that will be planned at each step and the outings that will be planned at Step 3 (an all-inclusive list is not necessary). Include where they will be held and approximately how many residents will be involved. Describe how social distancing, hand hygiene, and universal masking will be ensured. Also include precautions that will be taken to prevent multiple touching of items such as game pieces.

**31. DESCRIBE ACTIVITIES PLANNED FOR STEP 1 (FIVE OR LESS RESIDENTS UNEXPOSED TO COVID-19)**

**Step 1:** Limited activities such ( such as Bingo, arts & crafts, exercise, current events, word games, resident visits to resident courtyard weather permitting) may be conducted with five or less residents unexposed to COVID19. Social distancing a minimum of 6 ft., hand hygiene, and universal masking will be required.

**32. DESCRIBE ACTIVITIES PLANNED FOR STEP 2 (TEN OR LESS RESIDENT UNEXPOSED TO COVID-19)**

**Step2:** Limited activities (such as Bingo, arts & crafts, exercise, current events, word games, resident visits to resident courtyard weather permitting) may be conducted with ten or less residents unexposed to COVID-19. Social distancing a minimum of 6ft., hand hygiene, and universal masking will be required

**33. DESCRIBE ACTIVITIES PLANNED FOR STEP 3**

**Step 3:** Activities may be conducted with residents unexposed to COVID-19. Limited activities (such as Bingo, arts & crafts, exercise, current events, word games, resident visits to resident courtyard weather permitting) may be conducted with ten or less residents. Social distancing a minimum 6ft., hand hygiene, and universal masking will be required. No games where cards or game pieces would be passed between residents will be advised; Avoid group singing activities if possible. If snacks are served it will be individually wrapped and drinks poured and served by staff

**34. DESCRIBE OUTINGS PLANNED FOR STEP 3**

Activities, and outings may be conducted with ten or less residents unexposed to COVID-19. Limited activities (such as Bingo, arts & crafts, exercise, current events, word games, outside visits to resident courtyard weather permitting)

In Step 2, non-essential personnel deemed necessary by the facility are allowed (in addition to those already permitted in Section 4 of *Interim Guidance for Skilled Nursing Facilities During COVID-19*). In Step 3, all non-essential personnel are allowed. Screening and additional precautions including social distancing, hand hygiene, and universal masking are required for non-essential personnel.

**35. DESCRIBE THE LIMITED NUMBER AND TYPES OF NON-ESSENTIAL PERSONNEL THAT HAVE BEEN DETERMINED NECESSARY AT STEP 2**

Psychiatry & Psychology services, Beautician, Podiatrist, Dentist, Audiologist, Pest Control for kitchen and vendors for critical building repairs on a case by case basis deemed as non-essential personnel are allowed, with screening and additional precautions including social distancing, hand hygiene, and universal masking.

**36. DESCRIBE HOW SOCIAL DISTANCING, HAND HYGIENE, AND UNIVERSAL MASKING WILL BE ENSURED FOR NON-ESSENTIAL PERSONNEL AT STEPS 2 AND 3**

All non-essential personnel have been instructed on social distancing of 6 ft. or more, hand hygiene, and universal masking. All non-essential personnel are provided a mask upon entering facility if unavailable. Education will be completed with all non-essential personnel on hand washing, social distancing, masking and refraining from onsite visits if having any symptoms of respiratory illness.

**37. DESCRIBE MEASURES PLANNED TO ENSURE NON-ESSENTIAL PERSONNEL DO NOT COME INTO CONTACT WITH RESIDENTS EXPOSED TO COVID-19**

COVID19 positive patients are placed in droplet/contact isolation and remain in their rooms. Signage will be available designating zones. **Nonessential staff will not be routinely allowed to enter any isolation rooms.**

**VISITATION PLAN**

For visitation to be permitted in Steps 2 and 3 of reopening (as described in Section 6 of *Interim Guidance for Skilled Nursing Facilities During COVID-19*), the following requirements are established. Screening and additional precautions including social distancing, hand hygiene, and universal masking are required for visitors.

**VISITATION PLAN**

**38. DESCRIBE THE SCHEDULE OF VISITATION HOURS AND THE LENGTH OF EACH VISIT**

**A. Visitation at the facility will be permitted only on Tuesday and Thursday in the Main Dining Room each week. Pre-scheduled visitation hours will be as follows:**

- Scheduled AM Visitation will begin during hours of 11AM to 12N (2 visitors per resident for a maximum total of 8 visitors)
- Scheduled PM Visitation will begin during hours of 1:00PM to 2PM and 3PM to 4PM (2 visitors per resident for a maximum total of 8 visitors at each separate hourly visit time)
- Approximate time will be 1 hr. for each resident scheduled visit

The following requirements are established and required prior to entry of the facility:

- **Family members/ visitor visiting the facility must have a baseline Covid Test done prior to initial entry into the facility and provide a copy to Director of Nursing/ ADON to be reviewed and kept in a secure file.**
- Completion of a Screening Tool and additional precautions including social distancing (6 ft) from residents, hand hygiene, and universal masking are required for visitors.
- Any Family member/visitor who has traveled within the previous 14 days to any state identified by the State of Pennsylvania Travel Advisory will be required to comply with the recommended 14-day post travel quarantine and notify the Director of Nursing / ADON immediately. Visitation will be suspended during time of quarantine.
- Prior to initial visitation, Family members/visitors will be required to review and sign the Facility Informed Consent for Resident visitation document.

**39. DESCRIBE HOW SCHEDULING VISITORS WILL OCCUR**

Visitors will need to call into the East Wing Unit Clerk ext 114 to schedule visits with time availability slots. Facility will make every effort to provide each resident family (no more that 2) with a minimum weekly visit.

**40. DESCRIBE HOW VISITATION AREA(S) WILL BE SANITIZED BETWEEN EACH VISIT**

Housekeeping staff will use an EPA-registered disinfectant to wipe down visitation area before and after each visits.

**41. WHAT IS THE ALLOWABLE NUMBER OF VISITORS PER RESIDENT BASED ON THE CAPABILITY TO MAINTAIN SOCIAL DISTANCING AND INFECTION CONTROL?**

2 visitors per resident to maintain social distancing (six-foot distance between the resident and the visitor(s)) and enforce infection control protocols.

**42. DESCRIBE THE ORDER IN WHICH SCHEDULED VISITS WILL BE PRIORITIZED**

Prioritize scheduled visitation for residents with diseases that cause progressive cognitive decline (e.g., Alzheimer's disease) and residents expressing feelings of loneliness.

**STEP 2** **43. DESCRIBE HOW THE FACILITY WILL DETERMINE THOSE RESIDENTS WHO CAN SAFELY ACCEPT VISITORS AT STEP 2 (CONSIDERING SUCH SAFETY FACTORS AS EXPOSURE TO OUTDOOR WEATHER AND TRANSPORTING RESIDENT TO VISITOR LOCATION)**

Outdoor visitation in a designated area will be utilized as the preferred method when weather permits. If indoor visitation is needed due to weather, high heat/humidity a neutral zone (Main Dining Room) will be identified for visitation; Visitation is limited to patients unexposed to COVID-19. No visitation for exposed residents during this time. Outdoor visitation includes

**VISITATION PLAN**

scheduling of visits and monitoring visitation.

**44. DESCRIBE THE OUTDOOR VISITATION SPACE FOR STEP 2 TO INCLUDE THE COVERAGE FOR SEVERE WEATHER, THE ENTRANCE, AND THE ROUTE TO ACCESS THE SPACE**

For the outdoor visitation, this area will not be open in inclement weather or excessive sun/high heat index. A patio table and umbrella for shade or coverage will be implemented. The specific visitation space in the neutral zone (Main Dining room) will allow easy visitor access to the resident courtyard. There will be a specified entrance and route for visitors.

**45. DESCRIBE HOW A CLEARLY DEFINED SIX-FOOT DISTANCE WILL BE MAINTAINED BETWEEN THE RESIDENT AND THE VISITOR(S) DURING OUTDOOR VISITS**

Outdoor Visitation area will have clearly defined six-foot distance between the resident and the visitor(s) by either signage/markers or alternating chair set up.

**46. DESCRIBE THE INDOOR VISITATION SPACE THAT WILL BE USED IN THE EVENT OF EXCESSIVELY SEVERE WEATHER TO INCLUDE THE ENTRANCE AND THE ROUTE TO ACCESS THE SPACE**

The central Main Dining Room is accessible in a neutral zone for visitation that will allow easy visitor access. Visitors will enter facility through the front main entrance only. Once appropriate screening is completed and it is determined that visitors have appropriate PPE in place, the visitor may then be directed to walk straight down the center hall into the Main Dining Room. At no time can a visitor enter onto the resident care units.

**47. DESCRIBE HOW A CLEARLY DEFINED SIX-FOOT DISTANCE WILL BE MAINTAINED BETWEEN THE RESIDENT AND THE VISITOR(S) DURING INDOOR VISITS**

Indoor Visitation area will have clearly defined six-foot distance between the resident and the visitor(s) by either signage/markers or alternating chair set up.

**48. DESCRIBE HOW THE FACILITY WILL DETERMINE THOSE RESIDENTS WHO CAN SAFELY ACCEPT VISITORS AT STEP 3 (CONSIDERING SUCH SAFETY FACTORS AS TRANSPORTING RESIDENT TO VISITOR LOCATION)**

Visitation is limited to residents unexposed to COVID19. Visiting in a resident's room (within facility's established protocols) is permitted only if the resident is on hospice/ end of life. Visitors must utilize universal masking, social distancing ( 6ft distance), hand hygiene

**49. WILL OUTDOOR VISITATION BE UTILIZED AT STEP 3? IF NO, SKIP TO QUESTION #52**

Outdoor visitation (weather permitting) is allowed in neutral zones designated by the facility.

**50. DESCRIBE THE OUTDOOR VISITATION SPACE FOR STEP 2 TO INCLUDE THE COVERAGE FOR SEVERE WEATHER, THE ENTRANCE, AND THE ROUTE TO ACCESS THE SPACE**

For the outdoor visitation, this area will not be open in inclement weather or excessive sun/high heat index. A patio table and umbrella for shade or coverage will be implemented. The specific visitation space in the neutral zone (Main Dining room) will allow easy visitor access to the resident courtyard. There will be a specified entrance and route for visitors.

**51. DESCRIBE HOW A CLEARLY DEFINED SIX-FOOT DISTANCE WILL BE MAINTAINED BETWEEN THE RESIDENT AND THE VISITOR(S) DURING OUTDOOR VISITS (IF THE SAME AS STEP 2, ENTER "SAME")**

Outdoor Visitation area will have clearly defined six-foot distance between the resident and the

**STEP 3**

**VISITATION PLAN**

visitor(s) by either signage/markers or alternating chair set up.

**52. DESCRIBE THE INDOOR VISITATION SPACE THAT WILL BE USED TO INCLUDE THE ENTRANCE AND THE ROUTE TO ACCESS THE SPACE (IF THE SAME AS STEP 2, ENTER "SAME")**

SAME

**53. DESCRIBE HOW A CLEARLY DEFINED SIX-FOOT DISTANCE WILL BE MAINTAINED BETWEEN THE RESIDENT AND THE VISITOR(S) DURING INDOOR VISITS (IF THE SAME AS STEP 2, ENTER "SAME")**

SAME

**54. FOR THOSE RESIDENTS UNABLE TO BE TRANSPORTED TO THE DESIGNATED VISITATION AREA, DESCRIBE THE INFECTION CONTROL PRECAUTIONS THAT WILL BE PUT IN PLACE TO ALLOW VISITATION IN THE RESIDENT'S ROOM**

Visitation is limited to residents unexposed to COVID19. Visiting in a resident's room (within facility's established protocols) is permitted only if the resident is on hospice/ end of life. Visitors must utilize universal masking ( 6ft distance), hand hygiene

In Step 2, volunteers are allowed only for the purpose of assisting with outdoor visitation protocols and may only conduct volunteer duties with residents unexposed to COVID-19. In Step 3, all volunteer duties may be conducted, but only with residents unexposed to COVID-19. Screening, social distancing, and additional precautions including hand hygiene and universal masking are required for volunteers. **Non- applicable at this time**

**55. DESCRIBE INFECTION CONTROL PRECAUTIONS ESTABLISHED FOR VOLUNTEERS, INCLUDING MEASURES PLANNED TO ENSURE VOLUNTEERS DO NOT COME INTO CONTACT WITH RESIDENTS EXPOSED TO COVID-19**

All volunteers are screened upon entrance for COVID-19 symptoms, temperature, and exposure. Volunteers are screened again for temperature prior to exiting. Anyone who presents with signs or symptoms of COVID19 is refused entry to facility. If volunteer presents with symptoms during shift, they are immediately sent home. All volunteers are educated that if at any time during their shift they feel ill they have to report to their supervisor immediately. COVID19 positive patients are placed into droplet/contact isolation and remain in their rooms. Volunteers are not allowed to enter any isolation rooms. **Non- applicable at this time**

**56. DESCRIBE THE DUTIES TO BE PERFORMED BY VOLUNTEERS DURING STEP 2**

Volunteers are only allowed to assist with visitation protocols and may only conduct volunteer duties with patients unexposed to COVID-19. Screening, social distancing, and additional precautions including hand hygiene and universal masking. **Non- applicable at this time**

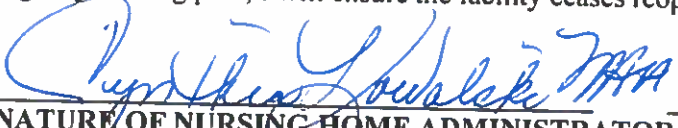

The Nursing Home Administrator (NHA) is responsible for the accuracy of the Implementation Plan and the facility's adherence to it. Upon completion of blocks 1-57, the Implementation Plan should be printed and the signature and date affixed by the NHA in block 58.

**57. NAME OF NURSING HOME ADMINISTRATOR**

Cynthia Kowalski NHA

**58. ATTESTATION**

I attest that the information provided in this Implementation Plan is an accurate representation of the facts and that this facility will adhere to the Implementation Plan as written. I further attest that the county in which this facility is located is in a Yellow or Green phase per the Governor's Reopening Plan. This Implementation Plan will be posted on our website (if one exists) or made available to all residents, families, advocates such as the Ombudsman and the Department upon request. This facility will progress to the next step of reopening only when the criteria is met as described in the *Interim Guidance for Skilled Nursing Facilities During COVID-19*. If at any point during reopening the facility fails to meet the criteria for reopening, I will ensure the facility ceases reopening immediately. Further, if at any point during reopening this facility is operating under a contingency staffing plan, I will ensure the facility ceases reopening immediately.
